The general educational standard required is that prescribed for the diploma of the Chief's College, a school-leaving certificate recognized by a Local Government, the Matriculation examination of an Incorporated University or any higher examination.

(3) Candidates will, in addition, undergo a special test which will be conducted by a Board of Officers convened under the orders of His Excellency the Commander-in-Chief. This test is to enable the Board to form an opinion as to the candidate's general character from the point of view of his suitability as a army officer.

service. The general standard demanded is that laid down in Appendix B to this notification. Candidates are required to attach to their applications a medical certificate from a competent medical officer to the effect that they come up to the prescribed standard, and also a memorandum signed that they have been successfully (or twice unsuccessfully) vaccinated within the last five years.

(5) Candidates are required to furnish a doctor's certificate in the following form signed by their parents or guardians:—

"I, \_\_\_\_\_, do hereby certify that \_\_\_\_\_ is a son/daughter of \_\_\_\_\_ and \_\_\_\_\_, and is able and willing to join the Indian Army."

Signature of parent or guardian.

(6) Subject to the restrictions specified below, Free or free passage will be admissible on the following conditions:—

(a) to selected candidates attending the medical and qualifying examinations in India from their home and back;

(b) when nominated to join the Royal Military College, Sandhurst, from their residence in Great Britain.

The nearest admissible or, account of railway, over sea-journeys within Indian limits will be restricted to one free-shed fare for each candidate. The nearest admissible for each journey will be

accreted to the mileage rate of first-class civil officers when travelling on duty.

Applications for railway fares should be made to the *Paymaster Secretary to His Excellency the Governor of Madras*. Passages by sea from India to the United Kingdom will be arranged by the *Resident Commissioner, Bombay*, under orders from Army Headquarters.

No travelling allowance is admissible to candidates in connection with their journey to Madras or Ootacamund, as the case may be, for the purpose of undergoing His Excellency the Governor.

(7) Unless a Government building is available, candidates will be provided with private accommodation usually in a hotel at Poole. Candidates will be charged for rooming, but the rest of the cost of the quarters will be borne by Government. \* 20. If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.

\* 21. If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

\* 22. If two sides of a triangle are equal, the angles opposite to those sides are equal; and the converse.

\* 23. If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

24. If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

25. If two sides of a triangle are unequal the greater side has the greater angle opposite to it; and the converse.

26. Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

27. The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.

28. If there are three or more parallel straight lines, and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

AREAS.

29. Parallelograms on the same or equal bases and of the same altitude are equal in area.

30. Triangles on the same or equal bases and of the same altitude are equal in area.

31. Equal triangles on the same or equal bases are of the same altitude.

32. Illustrations and explanations of the geometrical theorems according to the following algebraical identities:—

$$\begin{aligned} a^2 &+ b^2 + c^2 + \dots + 2abc + 2bcd + \dots \\ (a+b)^2 &= a^2 + 2ab + b^2 \\ (a-b)^2 &= a^2 - 2ab + b^2 \\ a^2 - b^2 &= (a+b)(a-b) \end{aligned}$$

33. The square on a side of a triangle is greater than, equal to, or less than, the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the case of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

Lines.

34. The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

35. The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

THE CIRCLE.

36. A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.

\* 37. There is one circle, and one only, which passes through three given points not in a straight line.

\* 38. In equal circles (or, in the same circle) (a) if two arcs subtend equal angles at the centres they are equal; (b) conversely, if two arcs are equal, they subtend equal angles at the centres. ....

\* 39. In equal circles (or, in the same circle) (a) if two chords are equal they cut off equal arcs; (b) conversely, if two arcs are equal, the chords of the arcs are equal.

40. Equal chords of a circle are equidistant from the centre, and the converse.

[Section IV.]

THE CIRCLE.

41. The tangent at every point of a circle and the radius through the point are perpendicular to one another.

42. If two circles touch, the point of contact lies on the straight line through the centres.

43. The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

44. Angles in the same segment of a circle are equal; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie in a circle.

45. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; and the angle in a segment less than a semi-circle is greater than a right angle.

46. The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

47. If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

48. If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

[Section V.]

PROPOSITIONS: SIMILAR FIGURES.

49. If a straight line be drawn parallel to one side of a triangle the other two sides are divided proportionally; and the converse.

50. If two triangles are equiangular, their corresponding sides are proportional; and the converse.

51. If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

52. The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the external bisector externally.

53. The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

3. The candidate's height will be measured as follows:—He will be placed against the standard with his feet together, and the weight thrown on the heels and set on the toes or heels of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks and shoulders touching the standard, the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch or quarter.

4. The candidate's chest will be measured as follows:—It will be made in stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind, and its lower edge the upper part of the nipples in front. The arms will then be lowered, in large bodies by the side, and men will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times, and the maximum expansion of the chest will be carefully noted.

The minimum and maximum will then be recorded thus in inches,  $\frac{1}{2}$ ,  $\frac{3}{4}$ , etc.

In recording the measurements, fractions of less than half an inch should not be noted.

(b) A candidate will be considered fit if he has one eye (R. or L.) with vision of not less than  $\frac{1}{10}$ , and with a good field of vision as tested by hand movements, provided that—

His vision in the other eye is  $\frac{1}{10}$ , or not less than  $\frac{1}{10}$  without glasses and capable of correction to  $\frac{1}{10}$  with the aid of glasses.

(c) Each eye will be examined separately. The candidate will be required to read the tests in ordinary daylight.

(d) Inability to distinguish the principal colours will not be regarded as a cause for rejection, but the fact will be noted in the proceedings and the candidate will be informed.

(e) The degree of astigmatism of vision of all candidates for commissions will be entered in the proceedings in the following manner:—

V. R. as corrected with glasses as follows:—

(f) No relaxation of the standard of vision will be allowed.

7. The following additional points will then be observed:—

(a) That his hearing is good.

(b) That his speech is without impediment.

(c) That his teeth are in good order. Loss or decay of ten teeth will be considered a disqualification. Twenty or more, if well filled, will be considered as sound. Non-erupted wisdom teeth should not be counted as deficient.

#### APPENDIX.

##### NOTIFICATIONS.

In exercise of the powers conferred on them by section 11 (Sub-section 1) of the Madras Local Boards Act, 1920, the Local Government make the following rule in respect of the leave allowances of officers and servants of local bodies transferred from one local body to another. This rule will supersede rule 84 of the Local Board Rules published with notification No. 84 in the Local and Municipal Department, dated the 27th January 1920:—

#### Rule.

A local board may allow its officers and servants a leave allowance in accordance with the provisions of the Madras Local Boards Act, 1920. In such cases the leave allowances shall be determined as follows:—

When a local authority permits any of its officers or servants to leave its service and take up service under another local authority, the period of leave and the amount of leave allowance for which the former authority may accept liability according to the service regulations adopted by it should be determined and communicated to the latter. The latter local authority should ascertain this at the time of transfer and may then grant the officer or servant any leave and leave salary admissible according to its service regulations but it cannot make the former local authority liable either for a longer period of leave or for a longer amount of leave allowance than that agreed upon at the time of transfer.

The difference, if any, that may be required to make up the leave salary due to the officer or servant should be borne by the local authority to which he is transferred. The amount of leave salary so determined need not, however, be paid by one local authority to the other, until it is actually required for payment.

No. 18.—In virtue of the powers delegated to him in Government (Revenue Department) Notification No. 138, dated 20th March 1918, the Commissioner of Madras directs that, with effect from 1st April 1924, the maximum price of paddy sold at the public stockroom in this Presidency shall be Rs. 2 per cwt.

This superseded Government notification No. 67, dated 16th November 1913, published on page 1362 of Part I of the Port St. George Gazette, dated 21st November 1913.

Madras, 16th July 1925.

No. 12.—In virtue of the powers delegated under clause XI of Government Notification No. 408, dated 13th July 1928, published on pages 1909 and 1904 of the Port St. George Gazette, dated 29th September 1928, Part I, as amended by Government Notification No. 131, dated 15th March 1928, and in pursuance of Board's Resolution No. 38, dated 26th July 1924, the Commissioner of Kowloon hereby prescribes the following rules for the issue, etc., of licences under section 12 of the Malabar Abkiss Act I of 1908, for the tapping of toddy producing trees and for the drawing of toddy therefrom, to have effect in the following local areas from the 1st day of October 1928:—

(1) The villages in the Agency towns specified in Schedule I annexed.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynad taluk, Anjengo, Tuticorin and the Attappadi valley of the Malabar district.

(3) The Bangalore State.

1. Tree-tapping licences shall be issued on the application—

(a) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(b) of persons having the exclusive privilege of manufacture and supply of coconut toddy etc.;

(c) of persons on their own application in the South Kanara district, provided that the application for licence is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged by the owner or person in possession to whose shop the toddy is to be taken;

(d) of tree-owners generally, and of coconut-toddy tappers in the villages of the Agency towns specified in Schedule I, in the East Godavari district, in the Nirmara, Rameswaram, Tenali, Eluru and Yerragudem taluks of the West Godavari district, in the Rajahmundry and Rajahmundry taluks of the Godavari district, for not more than five trees in the case of tree-owners and three trees in the case of coconut-toddy tappers for the drawing of toddy required for domestic consumption, but not for sale;

(e) of coconut-toddy tappers in Bankur district for not more than two trees for the drawing of toddy required for domestic consumption, but not for sale;

(f) of toddy shopkeepers or vendors in the Mysore territory and in the Bangalore State desiring to obtain toddy from trees growing in British territory;

(g) of toddy shopkeepers in the Pudukkottai State desiring to obtain toddy from trees in British territory provided that the application is certified or countersigned by the British and Madras Inspectors of the District and

(h) of any member of a hill tribe, whether a tree-owner or not, residing in any of the villages of the Vaynagum district specified in Schedule II, for not more than five trees for each household for domestic consumption, but not for sale.

In cases (b), (d) and (f), the licence may be issued in the name of the applicant himself or of his

nominee, and in cases (a), (c), (e), (g) and (h) in the name of the applicant only.

2. Persons wishing to apply for the grant of tree-tapping licences must first pay the fee (for the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into the District treasury, which may be either the District treasury or a Taluk treasury. District officers may also receive licence fees of villages to receive payments on account of tree-tax and to grant receipts therefor. Pudukkottai cases, where application for trees in British territory, must pay the full tree-tax into a British treasury at the rate prevailing in British territory.

3. (1) Applications for the grant of tree-tapping licences must be made in the prescribed form to the Inspector, Revenue Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors of the Revenue Department and from all Talukdars and Deputy Talukdars and will be supplied free of charge. Applications put in by shopkeepers and tappers need not be stamped; those put in by other persons must bear a receipt for stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head, the receipt must accompany the application. Mysore vendors and shopkeepers applying for trees in Mysore territory should pay the tree-tax into the Mysore District's treasury and should present before the British Talukdar or Deputy Talukdar concerned, along with the application in Form F. 2, a statement with the Talukdar's certificate at the foot to the effect that the applicant is a person entitled to be granted a tree-tapping licence in Mysore. The tree-tax should be calculated at the higher rate of the rates on each side of the tree or the two sides of the frontier.

(2) Applications for tree-tapping licences in the South Kanara district should be accompanied by the owner or person in possession of the trees asked to be marked in token of his consent.

4. Toddy shopkeepers in towns adjoining the Mysore territory will not be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into the British treasury and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree-tax to be paid in such cases will necessarily be the higher rate in force, if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments consent to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licences for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest to trees or for other sufficient reasons and the same payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licences for trees so reserved.

5. Toddy shopkeepers in British territory adjoining the Bangalore State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kannad district. Similarly, those in the Bangalore State will be allowed to tap trees in the adjoining British territory. Toddy shopkeepers in British territory adjoining the Pudukkottai State will be allowed to tap trees in that State on payment of tree-tax at the rate or the higher of the rates prevailing on both sides of the frontier.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the Inspector, unless he sees special cause to the contrary, will at once take steps for the marking of the trees by an officer of rank not lower than a Sub-Inspector and, for the issue of the license. Applications for trees shall point out to the tapping officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice, the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the East Godavari District, in the Narasapur, Eluruvarum, Tanisha, Eluru and Yemmegudem taluqs of the West Godavari District, in the Jopala and Repalla taluqs of the Ganar district and in the villages of the Agency tracts specified in Schedule 2, trees intended for the drawing of toddy shall, as far as possible, be in separate trees or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an annual application. They may also direct that the trees situated in one village only shall be included in an application.

10. Toddy shall not be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer.

11. For palmams and date trees in the Tiruvendy and the Edupudi (Aryana) Taluqs in South Kanara, tree-tapping income shall be exacted, that is, in three instalments: on any subsequent date to the 30th September immediately following, and for amounts and exact time they shall be half yearly, that is, in three instalments: on any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following, except in the case of the trees which have been already tapped, on which the full tree-tax may be levied.

## CHAPTER VII.

## WINDING-UP.

of 1913.

45. The Court may order the winding-up, in accordance with the Indian Companies Act, 1913, of an insurance company constituted in British India, and the provisions of that Act shall apply accordingly, subject, however, to the modification that the company may be ordered to be wound up—

Special provisions as to winding up of insurance companies

(a) on the petition of any member or policy-holder of the company where a notification has been made to this effect by the Governor-General in Council under section 47; or

(b) on the petition of ten or more policy-holders presented with the leave of the Court, which leave shall not be granted until a good faith case has been established to the satisfaction of the Court, and until security for costs for such amount as the Court may think reasonable has been given; or

(c) on application made on behalf of the Governor-General in Council specifying grounds on which it appears to him that the company is insolvent.

46. (1) Where the insurance business or any part of the insurance business of an insurance company has been transferred to another insurance company under an arrangement in pursuance of which the first-mentioned company (in this section referred to as the subsidiary company) or the creditors thereof has or have claims against the company to which such transfer was made (in this section referred to as the principal company), then, if the principal company is being wound up by or under the supervision of the Court, the Court shall (subject as hereinafter mentioned) order the subsidiary company to be wound up in conjunction with the principal company, and may by the same or any subsequent order appoint the same person to be liquidator for the two companies, and make provision for such other matters as may seem to the Court necessary, with a view to the companies being wound up as if they were one company.

(3) In adjusting the rights and liabilities of the members of the several companies between themselves, the Court shall have regard to the constitution of the companies, and to the arrangements entered into between the companies, in the same manner as the Court has regard to the rights and liabilities of different classes of contributories in the case of the winding-up of a single company, or as near thereto as circumstances admit.

(4) Where any company alleged to be subsidiary is not in process of being wound up at the same time as the principal company to which it is alleged to be subsidiary, the Court shall not direct the subsidiary company to be wound up unless, after hearing all objections (if any) that may be urged by or on behalf of the company against its being wound up, the Court is of opinion that the company is subsidiary to the principal company, and that the winding-up of the company in conjunction with the principal company is just and equitable.

(5) An application may be made in relation to the winding-up of any subsidiary company in conjunction with a principal company by any creditor of, or person interested in, the principal or subsidiary company.

(6) Where a company stands in the relation of a principal company to one insurance company, and in the relation of a subsidiary company to some other insurance company, or where there are several insurance companies standing in the relation of subsidiary companies to one principal company, the Court may deal with any number of such companies together as in separate groups, as it thinks most expedient, upon the principles laid down in this section.

Rules of  
winding-up.

52. The rules in the Sixth Schedule shall be of the same force, and may be repealed, altered, or amended, as if they were rules made in pursuance of section 206 of the Indian Companies Act, 1933, and rules may be made under that section for the purpose of carrying into effect the provisions of this Act with respect to the winding-up of insurance companies.

policy values.

action is as given shall be bound by the value so ascertained unless he gives notice of his intention to dispute such value in such manner and within such time as may be specified by a rule or order of the Court.

2. The general principles adopted in the valuation, and whether these principles were determined by the Institute constituting the company or by its regulations or by-laws or how otherwise, and whether these principles have the approval of the Actuary.
3. The form in which the particulars of each policy under which there is a liability, either actual or contingent, have been furnished to the Actuary, and whether all the information and explanations have been furnished as required by him.
4. The method followed in the valuation of particular classes of assurances and annuities including a statement of the method by which the ages at entry and the ages at valuation have been ascertained.
5. The table or tables of mortality used in the valuation. The rate at each age of the mortality assumed and of the annuity value used in the valuation in cases where the tables employed are not published.
6. Whether the Actuary has made any investigation into the mortality experience of the company up to any date subsequent to the close of the previous valuation period, and whether the mortality experienced has been, on the whole, less or greater than that assumed in the valuation.
7. The rate or rates of interest assumed in the valuation.
8. The average rate of interest yielded by the assets, whether invested or uninvested, in each year during the period since the last investigation, after deduction of income-tax, calculated according to the following two formulae:—

$$R = \frac{2I}{I+Y}; \text{ and } S = \frac{2I}{I+Y+J}$$

where  $R$ —average rate of interest, after deduction of income-tax, yielded by the total assets,

$S$ —average rate of interest, after deduction of income-tax, yield by the assets constituting the life insurance fund, less amount of interest, dividends and rents, less income-tax, shown in the profit and loss and reserve accounts,

$J$ —amount of interest, dividends and rents, less income-tax, shown in the life insurance reserve account,

11. The proportion of the premium income spent in payment of commission and other expenses in each year during the period since the last investigation, to be specified separately for new business and renewal business, on the assumption that the proportion of new premium expended is (a) five times and (b) seven times that of renewals. For the purposes of this estimate, single premiums shall be included and a sum equal to five per cent of their amount deducted from expenses for the cost of their introduction, and new premiums shall be taken to mean the premiums other than single premiums receivable in the twelve months after issue of the policies effected in the year of account.

12. The adjustments used in the valuation to allow for unequal incidence of the premium income, for premiums payable more often than once a year, for early payment of claims and for future expenses and profits in respect of limited payment and paid up policies.

13. Whether all negative values have been eliminated from the valuation, and whether steps have been taken to prevent the policy reserve values being not less than the minimum surrender values.

14. Whether the basis of valuation differs in any respect, and, if so, in what respect, from the valuation made on the last occasion.

15. The consolidated revenue account since the last valuation, or, if no previous valuation has been made, since the commencement of the business. (This return to be made in the form annexed. (This return to be made in the form annexed.)

18. Where the valuation discloses a surplus and the surplus is distributed among the policy-holders and shareholders—

(1) the principles upon which such distribution is made, and whether these principles were determined by the instrument constituting the company or by its regulations or by-laws or how otherwise, and the number of years' premium to be paid before a bonus (a) is allotted, and (3) rate;

## STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to provide for the regulation of insurance companies operating in India.

There are two Acts at present in force in India relating to insurance companies. One is the Indian Life Assurance Companies Act VI of 1912, and the other is the Prudential Insurance Societies Act V of 1912. It is considered that the law should regulate all forms of insurance business carried on in India. It is proposed, therefore, to repeal Act VI of 1912 and to replace it by this Bill. As will be seen from the definition of "Insurance Company" in clause 2 (a), the Bill will apply to every company which carries on, or intends to carry on, any form of insurance business in British India, either directly or indirectly through an Agent. Companies registered under the Prudential Insurance Societies Act have been excluded from the scope of the Bill, but it is proposed to amend section 2 of this Act with the object of imposing the same limits as are at present prescribed in the case of life insurance business on every kind of insurance business carried on by prudential insurance Societies.

In framing the Bill, it has been provisionally decided to continue the policy of the Indian Life Assurance Companies Act VI of 1912, and to rely for the protection of the public mainly on a policy of allowing no insurance company to carry on business in India, unless and until it has paid a deposit to Government. These deposits should prevent the establishment of unscrupulous companies. In addition, it is proposed to insist on the fullest measure of publicity in regard to the working of each company. In order that the public may judge for themselves whether it is worked on sound and prudent lines. It is also proposed to tighten the control of Government over insurance companies in some respects.

Madra, the 10th June 1934.

C. A. INNER.

## NOTES ON CLAUSES.

Clause 2 (j).—The definition of "holding society" is taken from the existing rules framed under the Indian Life Assurance Companies Act VI of 1912. Under clause 15 (2) (c), power is taken to prohibit by rule the additional statements of business to be prepared by such Societies and the manner in which such statements shall be furnished to the Governor-General in Council.

Clause 8 (c).—The definition of "workmen's compensation insurance business" contains no reference to the issue of, or the undertaking of liabilities under, policies. It is provisionally thought necessary to bring within the scope of the Act associations of employers which, without issuing policies or undertaking liabilities under policies of insurance, carry on such business for the mutual insurance of their members. Such associations may be exempted from making deposits under clause 12, and may be exempted from other provisions of the Bill under clause 57.

Clause 9.—It is thought that the practice which it is proposed to prohibit is objectionable and should not be allowed.

Clause 10.—It is proposed that every insurance company carrying on, or intending to carry on, business in British India should make a deposit of Government securities, and that the exemption from this obligation hitherto allowed by sections 32 and 33 of Act VI of 1912 to assurance companies carrying on life insurance business in the United Kingdom should be withdrawn. The main purpose of the deposit is to prevent the growth of mushroom companies. On the other hand, it is not intended to prevent the establishment of new and sound companies. The amount of the deposits has been fixed with reference to these two considerations.

Clause 11.—It is proposed that life insurance companies registered in British India should be allowed to make the deposit in five annual instalments. The concession is based on the provisions of section 4 of Act VI 1912. It is not considered necessary that the same concession should be allowed to companies carrying on other kinds of insurance business.

Clause 12.—Power is taken to exempt mutual societies, with or without conditions, from the obligation to make deposits. There are a number of Indian mutual companies which could not, without great hardship, make deposits.

Clause 13.—The object of the clause is to protect deposits from attachment under any judgment obtained by a creditor of the company. It is believed that deposits under the English Act of 1909 are not liable to attachment.

Clauses 14 and 15.—These clauses deal with the question of separate accounts and funds for each class of insurance business carried on by a company. Separate funds and accounts are made obligatory in respect of life insurance business and workmen's compensation insurance business transacted in India. But joint accounts can be allowed in the case of other kinds of insurance business. The proposals are in accordance with English law on the subject.

Clause 22.—Subsections (1) and (2) repeat subsections 2 and 3 to Form A in the First Schedule to Act VI of 1912. Subsection (3) prescribes the supply of information which will be a valuable index to growth of the insurance light in India.

*Clause 23 (F).—*In the case of accident insurance business and workmen's compensation insurance business, where an outstanding claim frequently takes the form of a periodical payment extending over a long period, it is important that full particulars at each claim and the liability estimated in respect thereof should be appended to the revenue account. The form of statement will be prescribed by rules under the Act. For similar statements, compare Forms C and D in the Fourth Schedule to the English Assurance Companies Act, 1909.

*Clause 23 (G).—*Leading fire insurance companies usually make it a rule that the reserve for unexpired risks should not be less than 40 per cent of the premium income of the year. The practice is a wholesome one, and this clause is designed to encourage it.

*Clauses 24 (F) and (G).—*These two clauses are modelled on footnote 2 to the form of balance sheet in the Third Schedule of Act VI of 1912. It is considered important, for the protection of the public, that investments should be properly valued in the balance sheet.

*Clause 24 (H).—*This clause is taken from footnote 3 to the form of balance sheet in the First Schedule of Act VI of 1912.

*Clause 24 (I).—*Compare section 18 (1) of the English Industrial Assurance Act of 1923. In regard to life insurance companies in India, the practice enjoined by this clause is already obligatory under rule 24 of the rules issued under Act VI of 1912.

*Clause 24 (J).—*This clause is modelled on rule 3 (c) of the rules issued under Act VI of 1912.

*Clause 24 (K).—*Under Act VI of 1912, life insurance companies have to submit this information in a separate statement to be submitted along with their revenue account.

See also clause 29 (B).

*Clause 24 (L).—*See footnote 1 to the form of balance sheet in the Third Schedule of Act VI of 1912.

*Clause 25.—*See section 5 of Act VI of 1912. Sub-clause (2) corresponds to rule 3 of the rules issued under the above Act.

*Clause 26.—*The forms provided in the schedule to the Bill are modelled on those prescribed by the English Assurance Companies Act of 1909. It is sufficient, therefore, that companies constituted outside British India, to which the above Act applies, should submit copies of the returns which they are required to send to the Board of Trade. See section 33 of Act VI of 1912. But additional statements relating to the business of the company in India are prescribed.

Clause 20 (d) prescribes that a company carrying on workmen's compensation insurance business in British India must submit a revenue account in respect of such business. Compare Form D in the First Schedule to the English American Compensation Act, 1903.

Clause 20.—Sub-clause (1) is taken from section 11 (2) of Act VI of 1912. Sub-clauses (2) and (3) are modelled on section 10 of Industrial Assurance Act, 1924.

Clause 21 (7).—The provisions of section 37 (4) of Act VI of 1912 have not been repeated in the Bill. No use has ever been made of these provisions. The clause is modelled on section 37 (4).

Clause 22.—This clause is new and represents an important departure. It enables Government to deal with a life insurance company whose returns show it to be on the verge of insolvency. Under section 22 (b) of Act VI of 1912, which is repeated in clause 43 (c) of this Bill, the Governor-General in Council may apply to the court to have a company, which appears to him to be insolvent, wound up. But there may be cases in which strong actuarial advice may require an insolvent company to a strong and flourishing condition, and it is proposed by this clause to give the Governor-General in Council power to require a Life Insurance Company, in cases where there is reason to doubt its ability to fulfil its contracts, to submit its affairs to actuarial examination.

Clause 23.—The forms in which insurance companies have to submit their returns to the Governor-General in Council have been carefully drawn up in order that these returns may contain essential information. It is a necessary safeguard that this information should also be made available to the public.

Clause 24.—The procedure in regard to amalgamation has been slightly simplified. Compare section 20 of Act VI of 1912.

Clause 27.—See section 24 of Act VI of 1912. The clause makes it plain that the default shall be a ground on which any shareholder or policy-holder may apply, at the expense of the company, for a winding order. Section 24 of Act VI of 1912 does not say who is to approach the court for a winding-up order.

Clause 28.—See section 26 of Act VI of 1912.

Clause 29 (2) (f).—This matter is dealt with by rule 15 of the rules framed under Act VI of 1912. In order to prevent abuses, it is considered necessary for the Governor-General in Council to have power to prescribe the extent to which the premiums referred to in the clause may be treated as assets.

Clause 27.—Taken from section 41 of Act VI of 1912.

Clause 28.—The effect of section 3 of the Provident Insurance Societies Act, 1905, is to limit the extent to which such societies might carry on life insurance business. The amendment proposed is designed to limit the extent to which provident insurance societies may carry on any kind of insurance business.

### NOTES ON THE SCHEDULES.

Forms A, B, C and D are based on the corresponding forms of the English Act of 1908.

Form A in the draft does not follow the form in the English Act by requiring the following items to be shown separately for business within and out of the United Kingdom.

Premiums.  
 Consideration for annuities,  
 Claims by death,  
 Claims by maturity,  
 Surrenders,  
 Annuities,  
 Reversions in cash,  
 Reversions in redemption of premiums,  
 Commissions.

By the provisions of clauses 22 (3) and 23 (a), however, the Indian premium income must be stated separately not only for life insurance but for all classes of insurance business. As the consideration for immediate annuities can be ascertained from the returns under the new Fifth Schedule it is not considered necessary to have a separate entry for that item as in the English Act.

Notes 1 and 2 to form A in the English Act are covered by the footnote to form A in the draft Bill. Note 3 is covered by the provisions of clause 22 (1). Note 4 by clauses 22 (3) and 24 (3). Note 5 by clause 27. Note 6 by clause 25 (2) (c).

In form B of the First Schedule to the draft Bill the amount of the outstanding claims is included in the fire insurance fund instead of being shown separately in the balance sheet as in the English Act.

In the form of balance sheet shown in the Third Schedule claims under life insurance policies have been split up into claims admitted but not paid and claims withdrawn but not admitted. On the assets side of the balance sheet loans and

mortgages are included under the general heading of investments. The heads under which many of the other investments have to be entered have been re-arranged to suit the conditions of Indian companies.

Note 1 to the form of balance sheet in the English Act is dealt with in clause 24 (7) of the draft Bill. Note 2 by the footnote to the form of balance sheet in the draft Bill. Note 3 by clauses 24 (1) and 24 (3). Note 4 by clause 20 and the rule to be framed under clause 25 (3) (3).

The draft Fourth Schedule contains under questions 8 and 17 items which under the English Act are dealt with under headings 10 and 11 of the Fifth Schedule to that Act. It also includes several items previously dealt with by the rules issued under the Indian Life Assurance Act of 1912.

The principal changes compared with the English Act are under draft questions Nos. 6, 8, 11, 13, 14, 17 and 19. Also in the footnotes to the two forms referred to in question No. 16. The forms corresponding to forms C and D of the Fourth Schedule to the English Act are provided for in draft clause 23 (1).

No reference has been made in the Bill to bond investment business as it is not intended to treat such business as insurance business. There are in Madras Presidency a very large number of persons or associations known as *Siddis* who transact bond investment business on a small scale and in such a way that it would not be feasible to bring it under the operation of this Act.

The Sixth Schedule to the Bill corresponds to the Sixth Schedule of the English Act.

The draft Seventh Schedule corresponds to statement D of the Indian Life Assurance Act of 1912.

The Seventh Schedule of the English Act is covered by clause 22 of the draft Bill.

No schedule has been prepared corresponding to the Eighth Schedule to the English Act.

## DEPARTMENT OF AGRICULTURE.

CULTIVATION STATEMENT—APRIL AND  
MAY 1935.

(On an average of the five years ending 1934-35, the area sown in April and May represents only 2 per cent of the cultivation on dry lands and 4 per cent on wet lands.)

**Damod—Good rains** were received in the first three weeks of May except in Tanjore, Ramnad, and Tirunelveli. On the West Coast, there was light rainfall in the first fortnight, and after a break of ten days, the south-west monsoon commenced in earnest about the 11th of the month. A storm in the Bay swept over the coastal belts of Madras and Kerala on the 18th and caused damage to several houses, especially in the west, and to rubber estates, branched several irrigation tanks, caused the death of several thousands of cattle, goats and sheep, and disrupted railway traffic temporarily. Government undertook relief measures by way of free grant of timber and private donations were also formed

to assist in the work. The railway traffic was resumed before the end of the month.
